(504) 242-9500  
LEADING REAL ESTATE COMPANIES OF THE WORLD

CGTN  
WHAT THE WORLD  
NEED... PUT A LITTLE  
STOP THE VIOLENCE    
IN YOUR HEART    
IN GOD WE TRUST 

# STANN HEALTHY BLOCK INITIATIVE

**TOGETHER** we're making an impact on flooding, pollution, sinking, air temperatures, and energy bills!

**RAIN BARRELS** capture and store rain water from your home's roof. You can use it to water your yard or garden. You save money on your water bill while you help the environment!

**TREES** soak up storm water and slow down storm winds. They provide shade while they lower your electric bills!

**REMOVING PAVING** Concrete is a hard surface that water can't get through. Once it's gone, you can slow, store, and filter water into the ground. Your property will be safer and more beautiful!

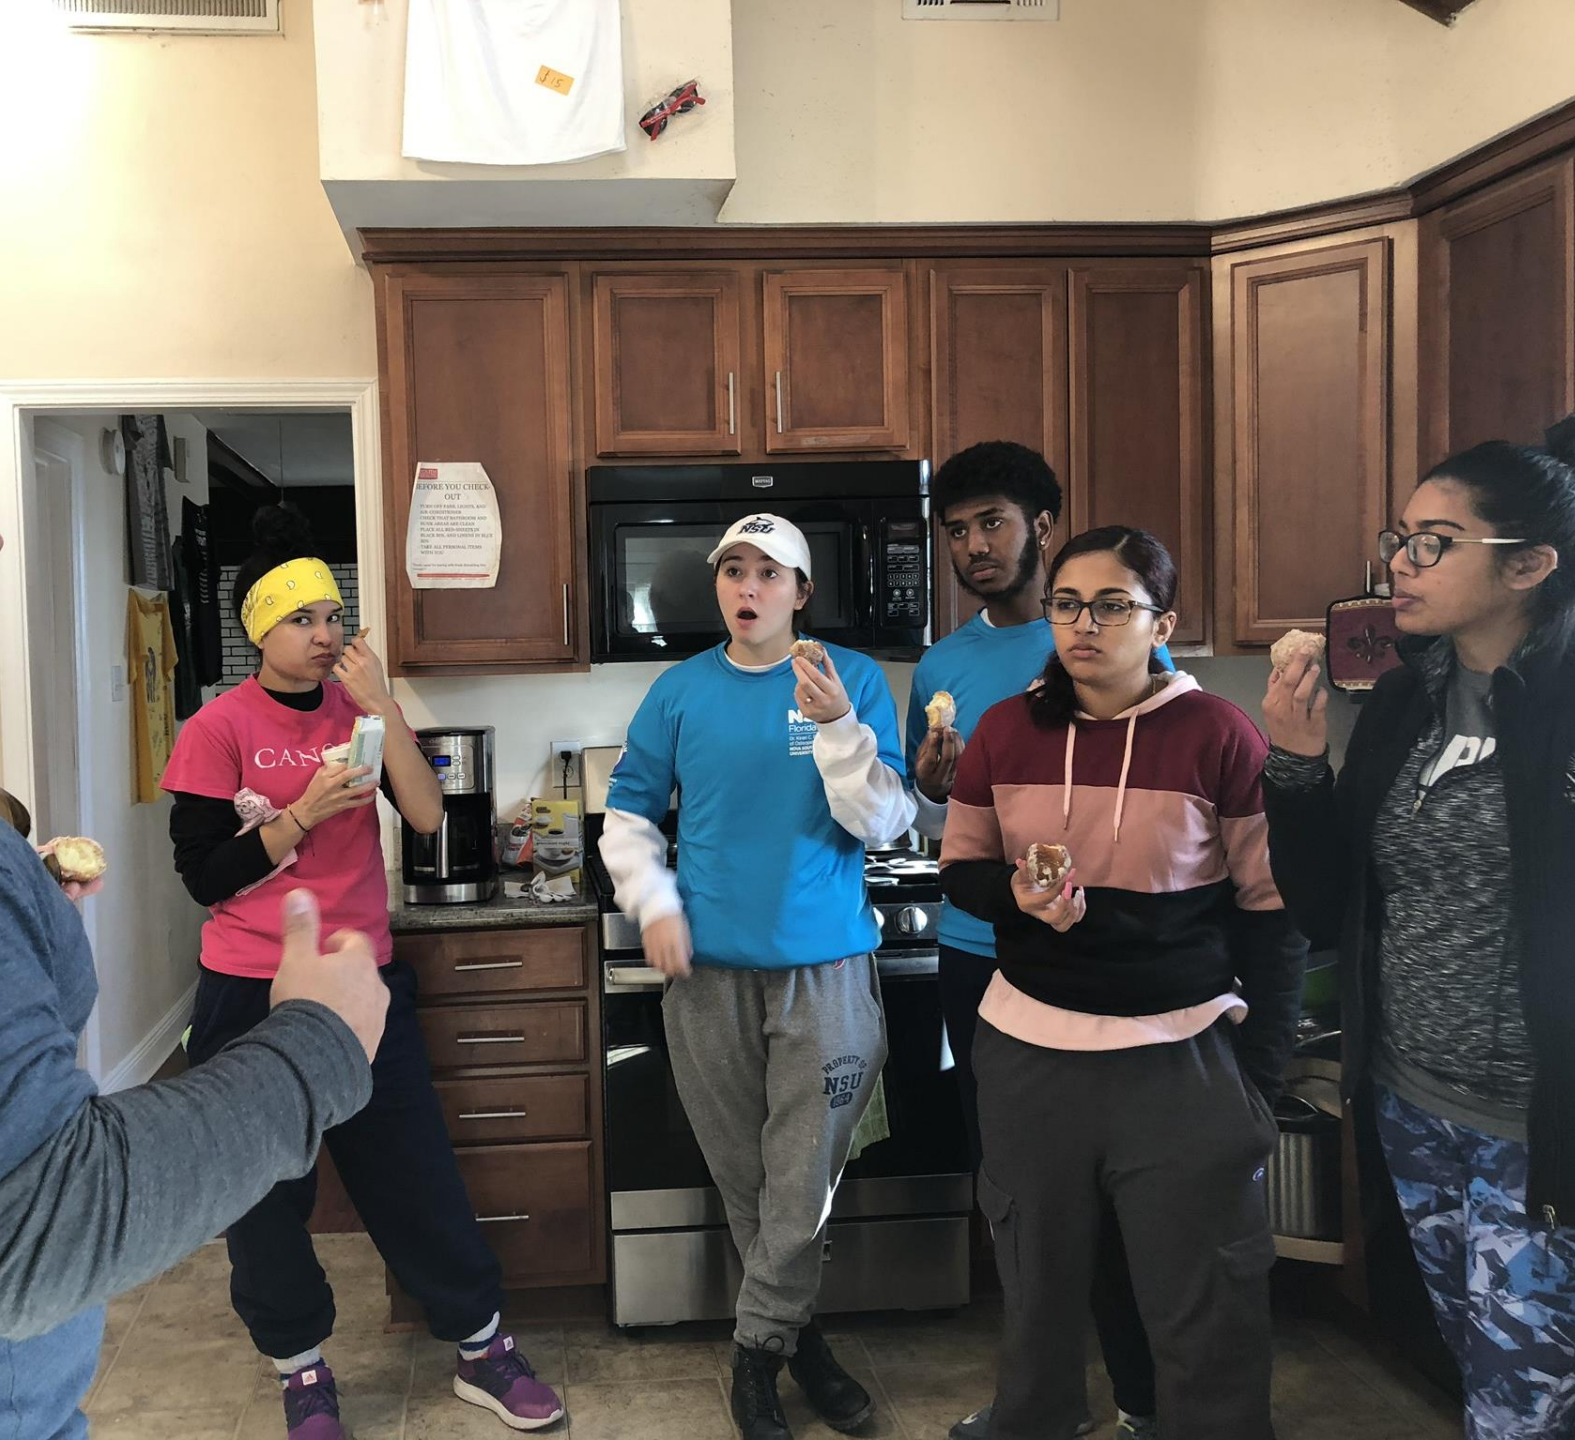

**WORKFORCE DEVELOPMENT** Educate, employ and empower local youth in construction trades and green sector professions. Investing in youth is an investment in the future!
